

### **Pre-op IV Sedation Instructions**

You have elected for surgical treatment with the use of conscious sedation. Follow these pre-op instructions to achieve optimum results.

1. You will be called the day before to have your prescriptions called into your pharmacy. If prescribed an antibiotic you may be asked to start the day before surgery. Please pick up your prescription/s the afternoon before your surgery.
2. No eating or drinking 6 hours prior to your procedure and your escort must provide your transportation.
3. Wear loose fitting, comfortable clothing with short sleeves. No high heels or flip flops, Tennis shoes or sturdy shoes are recommended.
4. If you wear contact lenses refrain from wearing on the day of the surgery.
5. If you have any medication or medical changes please inform the office prior to the surgery date.
6. Your escort must be present from the beginning of the procedure until the end. They may not drop you off and leave a cell phone number.

**It is very important not to drive for the following 24 hours.**
